We introduce ourselves as technically qualified team of electrical and mechanical engineers. We have 25 Years of vast experience in sales & servicing of Cummins Diesel Generators.

Our expertise knowledge helps us to understand your needs and give the proper solutions for your requirement in sizing, servicing of diesel generator & electrical requirements.

What We Offer

CUMMINS SILENT DG SETS | AUTO & SYNC ELECTRICAL PANELS etc.

The product offers high fuel efficiency and continuous reliability

The engines adhere to the stringent CPCB II norms as mandated by the Government

The new product line offers reduced emission levels- helping you power your business sustainably

Round the clock service support across the country
